

## **"GUARDIAN"**

**(Mark Lennon)**

You don't know me now, but you will  
It might take some time but I feel  
That you don't know me now, but you will  
Here's the deal  
I'm for real  
You don't see me now, but you will  
When there's no one else, I'll be here  
But you don't see me now, but you will  
Crystal clear, I'll appear  
(chorus)  
Because I will protect you  
Just like a Guardian  
As I fly high above you  
I'll keep evil at bay  
And drive all your fears away  
You don't feel me now, but you will  
I'll be holding you in my hand  
No, you don't feel me now, but you will  
Cause when you can, you'll understand  
No you don't love me now, but you will  
'Til then, I'll watch over you  
No you don't love me now, but you will  
Cause loving you is all I do  
Chorus  
It's a dangerous world I'll be guiding you through  
And when you need me the most I'll be there at your rescue  
Chorus  
You don't know me now  
You don't see me now  
You don't feel me now  
You don't love me now  
You don't know me now  
You don't see me now  
You don't feel me now  
You don't love me now  
Chorus

## **"ONLY PASSING THROUGH"**

**(Monroe Jones)**

Well I've been here before  
To the place where love decides  
To slowly wither away  
And move on to something more  
Well there ain't no changing  
When love makes up her mind  
You hang on with all your heart  
But you get left behind  
So you just move out of the way  
Chorus  
Cause there ain't nothing you can do  
When love is Only Passing Through

Well you can ease the pain  
With the softness in your smile  
But you eyes give it away  
There's no need to explain  
I don't regret it  
I wish I just had more time  
I held love for one small moment  
But she was never mine  
And now we go our separate ways  
Chorus  
Why can't you stay, let me hold you a little longer  
Can't you settle down, why you always have to wander  
You fill one heart, and you painfully leave another  
I know it won't be long  
I'll be talking to myself  
Watching leaves hit the ground  
And you'll have already gone  
And I'll save the pieces for the day you return  
And I'll be ready to ignore the lessons I never learned  
But 'til then I'll be alone  
Cause there ain't nothing you can do  
When love has turned her back on you  
Chorus

## **THE ROMANCE THAT NEVER WAS** **(Mark Lennon/Chris Horvath)**

We, should meet  
'cause everyone says we should  
You, and me  
The perfect companions and  
Oh, how great  
A double date dinner but  
I think I know how this will go  
The Romance That Never Was  
You, were there  
And I showed up later on  
You, were gone  
So I let the meter run on and on  
But you never came along  
I think I know where this will go  
The Romance That Never Was  
(chorus)  
I bet you'll be in Paris  
And I'll be in Rome  
And We'll never meet because  
By the time you're in Rome  
I'll be at home  
The Romance That Never Was  
You and me  
May never find out just what we could be  
Two ships on an ocean  
Or just maybe  
A match made in heaven  
But I think I know where this will go  
The Romance That Never Was

(chorus)  
(solo)

## **"LOVE COME AND FIND ME"**

**(Mark Lennon/Chris Horvath)**

Lately all I'm thinking of  
Looks like everyone's in love  
Seems like everyone's in love but me  
Where's the one who will be mine  
Show me love show me a sign  
Is there a valentine for me  
Oh, Love Come and Find Me  
Leave lonely behind me  
Please love remind me I can be loved  
I've been patient, I've been strong  
I've been blessed, don't get me wrong  
But I've been waiting far too long, it's true  
For a while I felt unique  
But being single's not so chic  
I'm tired of playing hide and seek with you  
(Chorus)  
So, Love Come and Find Me  
Leave lonely behind me  
Please love remind me I can be loved  
Love I am waiting  
My hope is fading  
And I need relating  
Love Come and Find Me  
Solo  
Chorus

## **"NO MORNING AFTER"**

**(Mark Lennon/Julia Fordham)**

You think you know me, but you don't really know me  
And when you kiss me, you're not really kissing me  
In the way I really want you to  
The way I dream about  
My dishonorable intentions won't be leaving any doubt  
Although I am in love with you, you're not in love with me  
It's the same old, same old, same old story  
(Chorus)  
I'm heading straight for disaster  
When I think of you that way  
There will be No Morning After  
'Cause you don't want to stay  
You don't love me in that way, no  
You say that you love me, but you're not in love with me  
And when you hold me, please hold me  
All these restaurants and movies  
Well they're all just good and fine  
But every time we say goodnight, I'm wishing you were mine  
I lie awake and fool myself that you were meant for me  
It's the same old, same old, same old story

(Chorus)

No you don't want to stay

No, no, no

No Morning After, No Morning After,

Morning After, No Morning After

(Chorus)

Ooh, I'm always heading straight , heading straight, heading straight for you

Oh I can't help myself, you turn me on

I can't shut down no matter what I do, no

Chorus

---

## **I PUT MY...**

**(Mark Lennon)**

Why do I love this way

It's who I am and there's nothing you can say

Why do I work this way

It's what I do and it takes me far away

Love is the reason

there's always a season for love

Music is pleasing

It's always the season for song

So won't you sing along

(chorus)

I put my heart in it

I set my mind to it

I put some soul with it

So you can roll with it

I put some years in it

Blood sweat and tears in it

I put some groove to it

So you can move to it

Why do I live this way

It's all I know, keeps me moving through the day

Why don't I move away

This is where I'm from

and you know I'm here to stay

Friends are the reason

and my friends, the season's begun

The water is pleasing, there's always a season with sun,

and when my day is done

Chorus

Solo

Chorus

## **SWAYED**

**(Monroe Jones)**

Sweet is the love that remains

After you live through the storm

And love holds on

Passion is only a flame

That burns in the heat of desire

When loves grows strong

And though all the powers and pain in this world  
Want to force us to bear more than we can endure  
I'll will stay by your side  
And all of the stories that tear dreams apart  
They won't won't reach the love in our heart  
Chorus  
We can't be Swayed  
Afraid of what is spoken  
We can't be rocked off of love's foundation  
Or let the seal be broken  
We can't be Swayed  
Our love is not of this world  
With you darling I don't pretend  
No, I just let go  
And when no more compassion is left on this land  
And the things that we treasure have all turned to sand  
I will pray  
And all of the rumors that turn hearts to stone  
I won't let you face them alone  
Chorus  
.Though others be forsaken  
We must be selfish with our devotion  
Don't let this love be shaken  
We can't be Swayed  
And though all the powers and pain in this world  
Want to force us to bear more than we can endure  
I'll will stay by your side  
Sweet that is love that remains  
After you live through the storm  
And love holds on  
When love holds on  
Chorus  
.Though others be forsaken  
We must be selfish with our devotion  
Don't let this love be shaken  
We can't be Swayed

## **Katrina** **(Mark Lennon)**

I was so lucky I watched as she grew  
from her very first step to the woman I knew  
smiling down is she watching me too  
I think she is don't you  
Bright was her blossom on our family tree  
a fire deep inside her that we all could see  
learning to be who she wanted to be  
she reminded me of me, she reminded me.  
(chorus)  
Her hair like a sunset on Hideaway hill  
her skin was like porcelain  
twinkling eyes you could fall into, lips like a rose  
no I'll never forget Katrina  
I will always remember Katrina  
I've got her photograph looking at me  
this beautiful picture of her by the sea

face of an angel I think you'd agree  
no one can take her place  
She gave me memories no one can buy  
sometimes I laugh and then suddenly cry  
she can get to me still I don't know why  
hope I dream of her tonight, hope I dream of her.

(chorus)

Dancing with her I was never alone  
we didn't have a care  
she made me see, there was no place like home  
and oh how I miss her there

(chorus)

.I'll never forget  
I'll always remember  
to never forget Katrina  
.my Trina

## **CARELESS**

### **(Holly Knight)**

I'm done pretending, there's no happy ending  
Believing someday you'll be mine  
Baby I think that you know  
It's time to let go of my love  
Don't make it harder on me  
Baby, don't disagree, now just hush  
Stars in the sky, oh what a beautiful night  
Wishing I could make everything right  
But I'm losing myself with every move that you make

Chorus

Don't be so Careless

Don't whisper promises in the dark

Don't even say that you love me

Baby don't do that to my heart

Don't be so Careless

I don't want to feel this hurt anymore

I'm done pretending, there's no happy ending

Believing someday you'll be mine

Baby you've given so much but I can't seem to touch

What's really inside

Somebody cut you too deep, guess that I'll never see

The part that you hide

Baby you win, yeah I'm walking away

Don't know when, when I'll see you again

I keep losing myself every time you get closer to me

Chorus

.I don't want to feel this pain anymore

You see, I'm done pretending, there's no happy ending this time

Solo

Chorus

Out

## **STORM**

### **(Mark Lennon/Martin Tillman)**

Storm, taken by storm into your eyes for the first time

Storm there's no mistake, I'm in love

Drawn by your beauty, you saved me  
No one can see, only me  
Me in my hands, hands that will hold you and soothe you  
When your winds blow  
Come, come press your lips unto mine  
Please don't be tempted to leave me  
Like storms have been tempted to do  
Chorus  
When all the world comes down on me  
Haunting ancient melodies  
Oh Storm, return to me  
Love, love on thin air, air we've been breathing for a lifetime  
You, you stayed away for so long  
Please can forgiveness surround me  
Please can we love once again  
Chorus  
Instrumental  
Chorus
